Rev. Cobb In Asia — Part II

## Pastor Meets Dignitaries

(Ben Arnold's Rev. Cobb continues his exclusive narrative about his trip to Katmandoo capital of Nepal, by truck, delivering 87 head of livestock on a mission of international goodwill. Then his story takes us back to visits with Indian dignitaries in New Delhi where his plane landed four weeks ago. — Ed.)

By The Rev. Gerald R. Cobb  
SOMEWHERE NEAR KATMANDOO, NEPAL —

Our next obstacle apart from the problems such as finding water for 80 some head of stock was a little river crossing made of bamboo. Here we had to unload. I told the government man who had reached our shipment that we should leave the unloading to the Indians. No sooner had I said it than I looked across the bridge to where our trucks were parked and here came 20 brown Swiss and Jerseys on a dead run.

I envisioned a round-up that would take a month. But men and little boys soon had the animals around the neck and into the trucks again. Such is the mystery of the east. Out of the confusion comes the end, sooner or later.

On the border of Nepal our first crisis arose. Here our drivers, hearing of the awesome road into Katmandoo, of the tiger infested

jungles, of the tunnels and rocky crossing decided to turn back.

All night long we parlayed and conferred, argued and discussed; all to no avail. The next morning word was sent up ahead to the railroad asking for new trucks and driver. In ten hours they pulled in. Not a truck of a later model than 1936 and after years of Nepal mountains they looked their age. I sighed with dismay but Mr. Hudson, the Adviser for Nepal, said they were alright after 20 years they had proven themselves.

Rev. Gerald R. Cobb

Finally we were loaded, I climbed to the top of my feed, the crow's nest. My driver had the generator of his truck disassembled in the dusty road. I looked away. The first truck coughed into life, the second, the third, the fourth, they are leaving me, I thought. No, miracle of wonders my truck too started. The five truck convoy moved off through the dust. In the west a pale sun was closing the shutters of another day. To the north the giant mountains from their 10,000 feet looked down and the seige of Katmandoo had begun.

APRIL 7—India, for many years now my second favorite country, has changed tremendously in the last 13 years, a change so utterly profound you can hardly believe your eyes. The change is not so much external as internal. I am watching the dynamic third India begin walking, alone and with sturdy steps.

This new India has taken me to her bosom during my stay here in her capital, New Delhi. I have stayed here with the gracious Mr. Cornelius, leader of the YMCA. I have the same room occupied by many "celebrities" who have paused here. He has been of tremendous help in seeing that I meet

## Rotary Dinner Tonight

VP Maurice Wild To Address Group At Cameron Dinner

A vice-president of Rotary International and a host of Central Texas Rotary dignitaries are in Cameron today for a regional seminar and dinner tonight at Simon-George Hall.

Cameron Rotary President Charlie Burke told The Herald that 200 reservations had been made early this week for tonight's dinner honoring V. Maurice Wild, vice-president of Rotary International.

Wild will be the principal speaker at the Simon-George Hall dinner. He will be introduced by Rotary Dist. Gov. Norman Crawford, Belton.

### Many Visitors

Rotarians from about 30 Central Texas cities will attend the day-long officers conference at the Cameron County Club. Gov. Crawford will direct orientation work at the meeting. Incoming presidents and secretaries of area Rotary clubs will attend.

A luncheon will be served at noon today for the group and a reception for Wild is scheduled prior to the dinner tonight.

Wild, administrative officer of the city health department, Port Elizabeth, Union of South Africa will address the banquet on the influence of Rotary International throughout the free world, Burke said.

Cameron is one of three Texas stops scheduled for Wild. Cameron Rotarians concluded preparation Wednesday for the first officers conference and visit of a Rotary International officer in local history.

### Grants Free Parking

The Cameron city council Tuesday night voted to allow free parking in Cameron during the day for all cars of visiting Rotarians.

Rotarians, wives and guests will attend the dinner tonight. The program will begin at 7:30 p.m. Vice-President Wild is a member of the nominating committee for Rotary International president in 1958-59. A native of Durham, England, he has served on the staffs of city councils of East London and Capetown, Union of South Africa, and has been a staff member of the city council of Port Elizabeth since 1937.

## 200 Here For Helble Reunion

Two hundred guests registered for the Helble family reunion at Simon-George Hall Easter Sunday. Mrs. Mary Kurtzman, 83 and Mrs. Bertha Kurtzman, 93, of Taylor were the honor guests.

Family members gathered from LaGrange, Fayetteville, Carmine, Houston, Westfalia, Rosebud, Pasadena, Austin, Galveston, Holland, Temple, Cleburne, Rogers, Corrigan, Dilley, Victoria, Dallas, Troy and Waco.

## Weather Notes

Milam Countians enjoyed 1.22 inches of rain during the past seven days while temperatures ranged from the low 40s to 80. The weatherman calls for continued fair skies until Saturday when possible showers may fall. Weekend rain totaled 1.06 inches.

## New City Officers Take Oath In Council Meeting Tuesday

Yoe High Band To Play Concert Tuesday Night

The Yoe High School band will play a free public concert 8 p.m. Tuesday in the Yoe High School gymnasium.

The concert will be the final public performance by the band before it goes into the Region III band contest in Waco on April 26.

The local concert will feature three contest numbers with specialties, novelties, marches and ensemble numbers by members of the band, according to Director Francis Cox.

Cox said the concert is especially planned for the adults of Cameron who usually see the band only on the football field.

"It might be enjoyable for many people to hear the band play concert music of symphonic character, written by such classic composers as Richard Wagner," he pointed out.

## Council Adjourns

## Complaint Hearing

## Monday Morning

The city council Monday morning voted to ignore a complaint against Police Chief Maynard Byers when the complainant failed to appear at the called session at City Hall.

It was the last session of the council prior to swearing in of new officers Tuesday night.

The special session was called to hear a complaint made to three members of the council by a Cameron businessman.

Byers told the council Monday morning that he would not resign as police chief without a hearing and without facing the complainant.

City Atty. Jack Prescott asked that the complainant be called and summoned to appear before the city council Monday morning. The complainant refused to appear at the meeting.

Prescott advised the council to adjourn the meeting. The council voted to adjourn.

## 1958 Rains Total 8.94 Inches Here

The Cameron area received 1.22 inches of precipitation last week to bring total 1958 rainfall to 8.94 inches, about one inch less than the same period last year.

The week-end rainfall measured .37 inch Sunday and .69 inch Monday at the official weather station, Cameron.

Milam County farmers had called for a rain over the week-end to loosen top soil dried out by two weeks of windy, dry weather.

Other precipitation last week was .16 inch measured April 9.

Total rainfall through April 17 last year was 9.7 inches. A total of a half - inch fell during the same week a year ago.

Weather observers point out that heavy spring rains broke in Milam County a year ago.

Thus far in 1958, the rainfall totals by month are: January, 1.54; February, 4.12; March, 1.78; and April to date, 1.5.

Officials say that the Central Texas area is in a normal rain cycle thus far in 1958.

## Man Fatally Injured On Cameron Street

A 50-year-old Cameron man was fatally injured April 9 when he was struck by a car on the streetway of North Travis.

Charlie (Stoney) Gill was dead on arrival at a local hospital after being struck by a car driven by Sidney Damian Koranek, 18, Cameron, according to Police Chief Maynard Byers.

The accident happened about 9 p.m. Wednesday, April 9, in the 600 block of N. Travis, Byers said. The Cameron police chief said that investigation by Justice B. G. Rice showed that Gill apparently was walking in the street when hit.

Byers told The Herald that Koranek, heading north on North Travis, was passing a slow moving car ahead of him when the accident occurred. Byers said that Koranek's vehicle collided with Gill in the west lane of North Travis.

Driver of the vehicle Koranek was passing was not yet identified, Byers said.

Funeral services were held 10 a.m. Friday at the chapel of Green Funeral Home with the Rev. James Henderson, pastor of Battetown Baptist Church, officiating. Interment was in Rice Cemetery. Survivors are: his mother, Mrs.

Clara Houston, Cameron; two brothers, Grady and Curtis Gill Cameron; two sisters, Mrs. Guy Bross, Abilene, and Mrs. Birdie Kirkland, Soaplake, Wash.

Pallbearers were Lester McCollough, Max Shumate, C. C. Gill, Jr., Ivey Gilbert, Henry Lee Burnett, E. E. McFarland and J. B. Fuller.

Gill was born April 12, 1908, in Milam County. He had lived for 46 years in Cameron.

## Burlington Sailor Suffers Gun Wounds

Billy Glass, Rt. 1, Burlington, and a member of the U. S. Navy, suffered two flesh wounds in the right calf in an accident 6 p.m. April 9 at the home of his brother Jerry Glass, 719 S. College.

Chief Maynard Byers said that Billy Glass said he shot himself accidentally with a 22-cal. revolver. Glass was rushed to St. Edward's Hospital for treatment of the flesh wounds.

Byers said Glass was home on leave from the Navy. Glass was released from the hospital late last week, Byers said.

## City Fathers Elect Moseley Mayor Pro-Tem

Mayor Bassel Wilson and Councilmen Sam Houston and Roy Griffith took the oath of office Tuesday night for two-year terms at City Hall.

The council then elected incumbent Councilman Richard Moseley mayor pro-tem. The entire incumbent council membership took the oath of office with the new city officers following approval of a motion made by Lincoln Mondrik.

Councilmen Hayden Lawrence, Moseley and Mondrik continue the second year of two year terms. Charles Brady retired from the council after choosing not to seek re-election this spring.

The council approved three amendments to the city electric ordinance that will clarify payment of electrical inspection fees to the City of Cameron. City Atty. Jack Prescott read the first reading of the amendments.

### Group Attends

A number of citizens attended the installation ceremonies Tuesday night. The Rev. Richard Bradshaw, vicar of All Saint's Episcopal Church, gave the invocation before the meeting started.

The council passed a resolution assuring present city employees temporary status of their jobs following the motion by Moseley. Moseley made the motion, saying that a change of administration tends to concern employees about their positions.

In other action the council voted to table for further discussion the appointment of a new city judge and the purchase of additional equipment for the city street department.

Judge Roy Baskin is present city judge.

Also approved and accepted was the final \$34,800 estimate on cost of the Little River Intake Station completed this week.

Joe J. Rady officials said that contractors had completed work on the project and work on the filtration plant would be completed next week.

Officials said a final inspection of the filtration plant will be made before the city will take over. Alvin Heft, city water superintendent, said that state-approved water will come after open basins are covered and waterlines checked out.

### New Sewerline

City Street Supt. W. D. Bigbee outlined need for a sewerline extension in northeast Cameron in the vicinity of 19th, 21st and Washington Sts. in Terrell Heights.

The council tabled the request for time to check the ground route of the necessary line.

Also approved was: 1. Expenses for Dr. David Shapiro to attend the state meeting of city and county health officers in Houston next week.

2. Requests for clearance of Wilson-Ledbetter Park and the city swimming pool for use by May 26.

3. Two weeks severance pay for Jim Fridstein, who was dropped from the city police force due to an economy move according to Chief Maynard Byers.

Emory Camp, local attorney, noted that city fire insurance rates had increased 3 cents per \$100 because of lack of enforcement of fire codes and urged the council to continue measures of fire enforcement.

## National Recognition Given Local Leader

Amos Pomykal of Pack 51 - Methodist Church of Rosebud and E. O. Schiller, Jr., Pack 213, Lions Club, Cameron, received National recognition ribbons at the April Roundtable.

These ribbons are awarded to unit leaders for registration of their units on time and an increase in membership over last year.

## Ross Posey, 68, Struck By Car Sunday Morning

Cameron police are seeking the identity of the driver of a car that struck Ross Posey, 68, Sunday morning at Fourth and North Houston, officials said today.

Chief Maynard Byers said that the unknown driver left the scene of the accident.

Posey was taken to a Cameron hospital where his condition was listed as "not serious," officials said.

Byers said a witness took down the out-of-county license number of the car, but identification has not yet been made.

A second accident at 9:45 a.m. Sunday involved four vehicles in a collision at First and North Crockett. Police reported no serious injuries and a total of about \$550 to the four vehicles.

Cars driven by Raymond Elmer Griswold and Fred Blake, both of Cameron, collided at First and North Crockett, police said, and a third vehicle driven by Paula Fuesel Kratochvil, Rt. 1, Cameron was also struck. A fourth car, owned by John Hause, Rt. 2, Cameron, parked along Crockett, was slightly damaged.

Damage to Griswold's car was \$75, Blake's \$350 and the Kratochvil vehicle \$100, Chief Byers estimated.

A third collision was reported by police involving cars driven by Mrs. Laura Conn Burns and Robert Fontaine Jones, causing minor damage, Byers said. Wet pavement caused the collision, he said.

## Mrs. Tom Evard Dies In Marlin, Services Monday

Funeral services were held Monday 2 p.m. for Mrs. Tom Evard at the Chapel of Phillips and Luckey Funeral Home, Rockdale, with the Rev. E. J. Davis officiating. Burial was in the Minerva cemetery.

Mrs. Evard died suddenly Sunday morning of a heart attack while visiting in Marlin.

Born November 21, 1896, in Minerva, she was the former Miss Bessie Aycock. She was a member of the Minerva Methodist Church and had been a teacher in Milam and other counties.

Survivors are her husband of Minerva; one daughter, Mrs. John Lawhon, Minerva; two sisters, Mrs. W. J. Manly and Mrs. Jack Pool, both of Marlin, and two grandsons.

## YHS Holds Second In Districts Meet

Cameron's Yoe High School closely follows leader Killeen in district interscholastic competition, according to J. R. Young, YHS principal.

Cameron entries in athletic and literary events racked up 330 points to Killeen's 335 for the best showing in Cameron's history in AAA competition, Young said.

Yoe High School entries racked up seven firsts in literary events, while athletic competitors won nine firsts in tennis, volleyball, and softball.

Four out of six firsts in tennis events last week put Cameron ahead of Killeen in early stages of competition.

### One Act Play Wins

The YHS one-act play cast racked up 20 points and a first for the most points earned in one event. Three slide-rule entries swept all three places in slide rule. They are: Ernest Harwell, Ruth Matyasik and Bernay Dusek.

Other firsts were earned by Ruth Matyasik in extemporaneous speaking, Marilyn Hughes in junior

declamation, Billy Hensley in senior boys declamation, Ernest Harwell in slide rule, Sandra Smith in ready writing and Edwin Adams in number sense.

Firsts in softball went to the senior boys team, senior girls team and junior girls team. Both girls and boys volleyball teams from Cameron took first places. The junior boys softball team took a second place.

Tracksters Place 3rd Coach Murphy Webster's senior track team won third in track and field events, gaining 10 points.

Other places won by Cameron entries were: Spelling and plain writing, Janice Bridges and Kay Camp (team) second; senior girls declamation, Joyce Hannon, second; junior boys declamation, Iven Vogelsang, second; and poetry reading, senior girls, Sandra Smith, second.

Principal Young said that first place winners would go on to regional competition. Junior track competition will be held April 18.

## New Board Opens With Busy Session

The Cameron school board Thursday night added one new member and swore in two incumbents in a busy session at Ben Milam School.

Installed was new board member Dr. Gus Evans, Jr., along with re-elected incumbents H. B. Pressley and J. Max Howard.

The group re-elected Pressley board chairman, Howard secretary and named Mrs. Lucille Monroe vice-president succeeding Earl Curtis, who did not run for re-election.

The new board voted several measures in a four-hour session following installation ceremonies.

### Adopt 8-Semester Plan

The board adopted an eight-semester plan that will require Yoe High School graduates to attend eight full semesters at an accredited high school to be eligible for graduation in Cameron, according to Supt. Wiley Loughmiller.

Also approved was an invitation to nearby dependent school districts boards to meet in Cameron for discussion of yearly tuition for transfer students coming into the Cameron district.

Supt. Loughmiller said that 98 white and 100 Negro students were

coming in from eight surrounding districts. He said that Branchville has agreed to the \$70 per student yearly tuition to attend Cameron classes.

A meeting was set for 7:30 p.m. April 29 for school trustees from Davilla, Marlow, Ad Hall, Marak, Maysfield, Sharp, Buckholts, and Rogers.

The board also voted continuance of a policy of inviting ministers to speak at Yoe High School assemblies but requiring their programs to be non-denominational and non-religious in nature.

### Accept Resignations

Supt. Loughmiller also said that the resignations of Mr. and Mrs. C. L. Canady, Cameron teachers, were accepted. They will go to the Irving school system. Mrs. Richard Wilkinson was hired to succeed Mrs. Canady.

Also approved were specifications for a new roof at Ada Henderson school to cost about \$3,000 and recommendations for new YHS science room equipment costing about \$3,000.

The board also checked the votes of the school election and approved a \$500 bid for the Yarrington school bus submitted by Pat Smith, Cleveland, Texas.

## Tent Caterpillar Infesting Orchards

By J. D. Moore, County Agent

We are getting an increasing number of reports of the eastern tent caterpillar infesting orchards and shrubs.

These caterpillars spend the day in web "tents" shaped like a funnel between the branches of the trees. At night they feed on the young leaves and buds as the trees begin to grow.

You can stop them and prevent their spreading by spraying now with three pounds of wettable 50

percent DDT powder per 100 gallons of water or 2 lbs. of wettable 15 percent parathion powder per 100 gallons of water. Orchardists who followed a regular spraying schedule aren't having the trouble with these caterpillars but we suggest that they keep a sharp watch for infestations.

If you use parathion, remember it is a phosphorus compound and can be dangerous if it comes in contact with your skin.

**Controlling Household Insects**

Insect activity usually increases as the weather becomes warmer. Flies, ants, mosquitoes, moths and other insects endanger health, feed on fabrics, contaminate food and are general nuisances. Up-to-date control measures are needed to fight these insects. A new leaflet compiled by extension entomologists offers directions for choosing and applying insecticides.

The new bulletin, "Texas Guide for Controlling Household Insects," classifies all major pests except the termite into specific categories relating to type of damage. Insects are illustrated for easy identification, and concise control measures are given for each insect. Also listed are some important cautions to observe in using insecticides.

### Plant Lice

These pests occur during early spring on tender shoots and stems of shrubs and flowers. These insects are small green insects that suck the sap from the stems. Malathion used at the rate of 2 teaspoons per gallon of water sprayed on the plants will give good control.

## Proper Measures Insure 1st Stand Of Good Cotton

COLLEGE STATION—Cotton planting will become widespread in Texas as conditions become more favorable for good germination and stands.

And as Fred Elliott, extension cotton specialist, studies the situation, he emphasizes the importance of getting the desired stand with the first planting since high quality planting seed may not be available for excessive replantings.

Elliott offers the following suggestions for increasing chances of getting a good stand with the first planting. Whenever possible use certified seed of a variety recommended for the area and make sure the seed has been treated with the proper fungicide. For seed treatment, he adds, will help control seed and soil borne diseases.

Planting should be done in a well-prepared and firm seedbed when soil moisture and temperature are favorable. Germination will be reduced, he says, if the seed are planted in soil which has not reached the proper temperature of 70 degrees F. at a 3-inch depth for 3 successive mornings at 7 a.m.

The seed should be planted at the depth and rate considered best for the area, says the specialist and fertilizer, if used, should be at the proper depth and distance from the seed. Elliott suggests that care be exercised in early cultivations in order not to damage the stand.

He points out that properly operated rotary hoes do a good job of breaking up heavy soil crusts, thus permitting soil ailing and drying and aiding in the control of seedling weeds and grasses and cotton seedling diseases.

## YHS Band Plays Concert At Belton

BELTON—The Yoe High school band of Cameron presented its annual concert at Mary Hardin-Baylor College in Alma Reeves Chapel Tuesday, April 15, at 10 a.m.

The nationally known 90-piece band is directed by Francis Cox, formerly of Belton. Cox, his wife and daughter, Kay have all been students in the Mary Hardin-Baylor Department of Music.

The public was invited to attend the concert.

### New Publications

Two new Texas Agricultural Extension Service publications, B-884, Oats in Texas, and L-390 Cotton Root Rot, are now available from the offices of local county agents. They may also be obtained from the Agricultural Information Office, College Station, Texas.

Mrs. Frank Barrett and Mrs. Susie Matthews were Saturday guests of Mrs. Jennie Barrett.

## Surface Soil Dries

## For Milam Planting, County Agent Says

Top soil moisture was dry enough for farm work in most fields last week, according to County Agent J. D. Moore.

Weekend rains answered farmers' needs for about an inch of moisture following general planting, Moore pointed out.

He emphasized that land preparation and planting got into full swing last week while cotton planting started in a few areas of the county. High, dry winds and cool temperatures had delayed full scale planting before the weekend.

Most Milam County corn is planted and growing, Moore continued. Some farmers have reported poor stands of cotton due to planting while the fields were too wet.

He said continued cold soil will account for most poor stands.

Oats and wheat continued excellent growth during the past week. Small grain needed the weekend rains since the dry winds last week.

Range and pasture grasses responded to spring weather and surplus grazing was available throughout the county. All classes of livestock were in good to very good condition.

Moore said that tomatoes are well set and making fair growth.

## Cameronites Sister Buried In Houston

T. L. Little, 606 N. Travis, received word Sunday night of the death of his sister, Mrs. A. B. Moore, in Houston.

Mrs. Moore was a former Cameron resident.

Little and two nephews from Waco attended the funeral at 2 p.m. Monday in New Haven Cemetery, Houston.

### Silage Best Substitute

Texas dairymen are reminded that silage is the cheapest and best substitute for pasture and that the time is at hand for preparing the seedbed and planting the silage crops.

## Benson Proclaims

## June 20 Referendum On Wheat Acreage

COLLEGE STATION—Secretary of Agriculture Ezra T. Benson has proclaimed marketing quotas on the 1959 crop of wheat.

He also proclaimed a national wheat acreage allotment of 55 million acres, the minimum permitted by law, set June 20 as the date for a grower referendum in which growers will approve or disapprove quotas and announced that the minimum national average support price for 1959 production will be determined before the June 20 referendum.

This is the sixth successive proclamation on marketing quotas, and is required because the present wheat supply is 57 percent above the marketing quota level. It is also the fifth consecutive year that the 55 million acre minimum allotment has been applicable.

## McClaren Observes

## Agriculture Program In Belton High School

Rex McClaren, son of Mr. and Mrs. S. W. McClaren, Jr., and a junior at Texas AM College, is spending this week at Belton High School to observe operation of the vocational agriculture department in the school.

This week of observation is a part of the training received by McClaren in his preparation for teaching high school vocational agriculture after graduation from Texas AM. In addition to his observation program this year, he will spend four weeks next year doing actual teaching in a vocational agriculture department.

McClaren is an active member of the Texas AM Collegiate EPA Chapter and has participated in the Corps of Cadets and Collegiate 4-H.

## Red Snapper Makes Good Fishing Sport

By Vern Sanford

Fishing, for the sport of it, is fun. However, in addition to the fun of fishing, most of us like to bring home a good string of edible fish.

If you really want fish to eat, right now is the time to take an off-shore excursion and bring back a tub full of red snapper. It is the real pan fish of the Gulf of Mexico.

However, fishing for red snapper is more work than sport. The first half-dozen give you a thrill. Thereafter it becomes a chore, especially if you are on a good boat over a hot spot. It is nothing unusual to catch a hundred pounds or more of red snapper, if your strength holds out that long.

Red snapper fishing is one of the favorites of the party boat. These boats operate out of most of the coastal cities of Texas. They take excursions out to the snapper banks in the Gulf. Most of the banks are at least 35 miles out. Some are more than one hundred miles into the Gulf.

## Only One Secret

Actually, there is but one secret in getting all the snapper fishing you want and that is getting with a good party boat operator. If he has good equipment, which is more than just having a good boat, you are pretty sure to get all the fish you want, providing the weather is right. And a good operator won't take you out unless the weather is right.

A good party boat has to be one large enough to withstand about the roughest water that can be thrown at you in the Gulf of Mexico. Generally one of these boats won't get caught in bad weather, but sometimes they do.

Most important of all, the boat must have a good captain. He must know the Gulf and how to read the electronic instruments that tell when he is sitting over a reef.

Red snapper inhabit coral reefs on the bottom of the Gulf. These reefs have been built up through millions of years, and afford a fine breeding and hiding place for snapper, as well as groupers and some of the other large fish of the

briny deep.

There are a few of these reefs at around 10 to 12 fathoms. (A fathom is approximately six feet.) Most of them are at 25 or 30 fathoms, some at from 30 to 50 fathoms.

You fish for red snapper with heavy equipment. For a terminal equip it with a bottom rig leader, a couple of No. 6 hooks and a 16 ounce sinker.

## Bait With Squid

Bait this terminal with squid, cut bait or frozen bait and let it to the bottom as fast as you can. And we do mean fast. Otherwise, on the way down some smaller fish may take it and you'll lose your bait before it ever reaches bottom.

When your rig is on the bottom, fish it something like fishing for crappie. When a snapper gets on, it's up to you to crank him up as fast as you can. Occasionally if it is a small snapper, a big old amberjack or ling may come by and decide it's hungry. If that happens, then you have a real fight on your hands.

Incidentally, you don't have to buy your own red snapper fishing equipment. It can be rented from any party boat operator. Also he'll show you how to use it. He wants you to make a good catch. If you do you'll tell your friends and his business stays good.

## TP&amp;L Spends 25 Millions For '57 Construction

To meet increasing demands for electric service in North, Central and East Texas, Texas Power Light Company's construction expenditures in 1957 totaled \$25,238,534 according to the Company's annual report released last week.

Record-breaking rains and below normal temperatures affected TPL's revenues in 1957, but in spite of these conditions revenues were up 2 per cent over 1956.

The report also shows, however, that cost of operations increased \$739,000, or 2 per cent over 1956.

A new generating station at Stryker Creek in East Texas was three-fourths complete at year's end and construction began on a new generating unit at the Lake Creek station.

The report points to the fact that TPL joined with ten other electric power companies in forming the Texas Atomic Energy Research Foundation to engage in nuclear research as it may apply to the generation of electricity.

The report cites that the Company at the end of 1957 served 337,895 customers compared to 329,857 customers at the end of 1956. Also it is shown that the Company estimates that its construction program for the years 1958 and 1959 will result in expenditures of approximately \$29,592,000 and \$19,785,000, respectively.

TPL in October, purchased the municipally-owned electric light and power system of Terrell. This followed an election held on September 19, 1957, at which the citizens of Terrell voted to accept the Company's offer of \$1,400,000 for the City's electric power plant and distribution facilities.

The report notes that TPL won an Edison Electric Institute award in recognition of employees having worked more than a million consecutive manhours without a disabling injury.

During the past year, 33 firms established new plants in the TPL service area. These plants created 1,852 new jobs and increased the annual pay roll by approximately \$5,000,000.

The Knights of Pythias of Milam Lodge No. 125 in their regular weekly meeting conferred the Rank of Esquire Monday evening April 14th.

All members of the Rank team were urged to be on hand next Monday 7:30 p.m. to confer the rank of Knight.

# Cameron's Business - Industrial Review

The Pictorial Story Of Cameron  
Business Leadership

AT THE 77 DRIVE-IN THEATRE — Manager Billy Peck, points out a recent billing at the 77 Drive-In theatre, Waco Highway. He also manages the downtown Milam Theatre where "Sayonara," "Raintree

County" and "Bonjour Tristesse" are scheduled to be shown in May. Peck promises Cameron and Milam County theatre patrons the best in movie entertainment in comfortable facilities at theatres.

**Wiese Lumber  
Ready To Serve  
Building Needs**

Wiese Lumber Co. proudly serves Milam Countians' building and repair needs, regardless of the job.

Owner Buddy Wiese, veteran lumberman and builder, backs up his company's policy of complete lumber sales and service with a life-long background of building experience and lumber yard management.

And his services include a wide range of materials and work in the lumber business.

Wiese's staff of four is available for immediate delivery of materials and estimates on building jobs regardless of size.

### Complete Supplies

Wiese Lumber Co. also offers a complete array of paints, roofing, nails, bathroom fixtures, plumbing supplies to bring building know how and quality building materials together.

His paint line includes Kern-Tone and Kern-Glo selections for any requirement of decorating or painting inside or outside the home or farm.

He also features Gold Bond ceiling tile and popular shutters for fashionable decor.

"We will make estimates on any type of job whether for a repair

job or a new house," Wiese says. "And when a customer orders some materials for immediate use, we give him immediate delivery," he points out.

Wiese Lumber Co. is open five days a week from 7:30 a.m. to 5 p.m. Monday through Friday and open until noon on Saturdays.

Wiese's building supplies include bricks and roofing of any kind and inside paneling for dens and family TV rooms.

### Plans, Specs Drawn

"We can draw up plans and specifications for buildings of any type, including houses, farm structures and large types of construction," he emphasizes.

"Your business is more than appreciated. It is taken care of competently and correctly at Wiese Lumber Co. Give us a ring today," he concludes.

## Local Shows Better Than Ever Manager Billy Peck Points Out

Movies at your Cameron theatres are better than ever, says Billy Peck, manager of the Milam and 77 Drive-In Theatres in Cameron.

The 77 Drive-In on the Waco Highway just recently opened for the summer months, featuring some top-flight Hollywood productions such as "Tammy and the Bachelor," "Teahouse of the August Moon" and many others.

"If you want first-rate movie entertainment," Peck points out,

"you will find more first-run pictures than ever at the downtown Milam Theatre."

### Premiere Showing

Peck emphasized that he will have a Southwest Premiere showing of "Sheepman" starring Glenn Ford May 4-5-6. Other headline-winning features coming up include "Raintree County," the epic Civil War story of an Indiana poet played by Montgomery Clift and a Southern belle played by the beautiful Elizabeth Taylor.

Also on tab May 11-12-13-14 at the Milam is "Sayonara," the show that brought two Academy Awards for supporting actor and actress and an Oscar nomination for top-talented Marlon Brando. Then there is "Bonjour Tristesse" with David Niven and Deborah Kerr coming May 15-16 at the Milam.

Peck says these represent one of the best runs of movies to be shown at the Milam in many years. And they represent typical movie fare at Cameron's downtown Milam Theatre where the finest in refreshments and popcorn are available to all moviegoers.

Peck points out that the 77-Drive-In offers exceptional wide-screen entertainment for only 50 cents per adult and children under 12 admitted free when accompanying parents.

"We plan some special night each week when a carload can attend for 50 cents. That is about

the most inexpensive entertainment available to a family," Peck points out.

The Milam and 77 Drive-In both have good facilities with fine sound systems and wide-screens. The Milam boasts comfortable seating capacity for several hundred viewers.

The 77 Drive-In screen has been completely rebuilt in the past year.

### 11-Year Veteran

Peck is a 11-year veteran with the two Cameron theatres, owned by Cameron Theatres, Inc. He became manager of the Cameron theatres last July, succeeding Dean White.

He is a native Cameronite and graduate from Yoe High School. He attended Sam Houston State College and Southwest State Teachers College, San Marcos, for one and one-half years.

Peck started ushering at the Milam then moved to a projectionist position. He is married and has one son, Michael. The Pecks live at 1700 N. Hoover.

He served 19 months in the Navy medical corps during World War II.

"The personnel and management of both theatres strive to give our customers the utmost in movie entertainment for their money," Peck adds.

"Be sure to see one of these movies coming up," Peck says.

"They will prove that movies are better than ever."

### Rains On Schedule...

The rains fell as if in answer to Milam farmers pleas for a one-inch shower over the weekend. Added to the quarter inch rain of the previous week, small grain crops should be enjoying the best growing conditions in many a year.

We are not quite used to the new turn in weather that gives us about what we need for favorable crop conditions. But we can enjoy the situation as long as it continues to go so well.

Generally speaking in Texas agriculture circles, the outlook is for a near-record crop year. Experts estimate that the Texas farm crop total will exceed two billion dollars, many millions above the disappointing 1957 total.

Cattle have continued to sell at good prices though a predicted seasonal decline has started. But pasture is the best in years. It is so good, in fact, that some cattlemen are bringing cattle into Milam County for fattening before market.

A good crop year should be in the offing for produce. Tomatoes are planted and most of the other produce crops of watermelon, cantaloupe and vegetables will grow well this year.

The whole picture indicates that favorable weather serves as an elixir for crops and everyone's attitude. First weather conditions clear the way for timely planting, putting farmers to work. And then, when everyone's busy, their whole attitude becomes optimistic.

So timely rains and sunshine are working wonders in Milam County this spring, 1958.

### THE LITTLE RIVER PHILOSOPHER

Russian Propaganda Can't Sweep  
Sage Off His Feet He's Off Now

Dear editor:

I was reading in a newspaper I borrowed out of my neighbor's mail box the other day and returned before he got there..... there's one thing you can say for reading a neighbor's newspaper, it's like looking at a sunset, your looking at it doesn't lessen the fun he can have from looking at the same thing, although I'll admit you don't have to subscribe to the sun, however on the other hand you'd miss a lot of information by confining your reading to it... at any rate, to get on with this, I was reading how Russia has scored a great propaganda victory by announcing it is suspending all atom and hydrogen bomb tests, which I suspect is sort of like a man's saying he's suspending plowing on this year's crop, along in the fall of the year when it's already in his barn.

This news has upset a lot of people who are afraid it will sweep the world and convince everybody Russia is a dove of peace and the United States an ogre out to poison the atmosphere.

Well now I'll tell you, I don't believe it. In the first place, anybody who believes Russia, on anything she's unwilling to let free men check up on, is a mighty poor prospect for basing the foundations of world freedom on. If Russia can sweep you off your feet with boasts, you were tottering already and probably don't know the difference between up and down. There's a difference between conquering space and the hearts of men. And in the second place, a propaganda victory is one of the most temporary things there is.

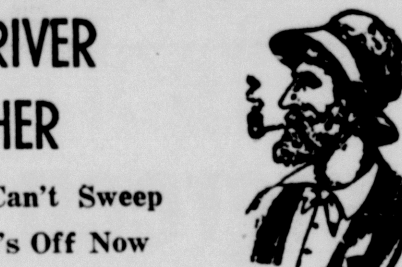

I've seen politicians who rode into office on propaganda, and some of them stay there a long time on that, but in the final analysis the people catch on.

And as for people who are swayed by propaganda, like the people who invariably vote for the last man they heard speak just before the election, you haven't won much when you win a propaganda victory over them. You'll lose 'em the next time somebody else speaks.

Understand, I don't know anything about testing hydrogen

#### Check Crown Gall

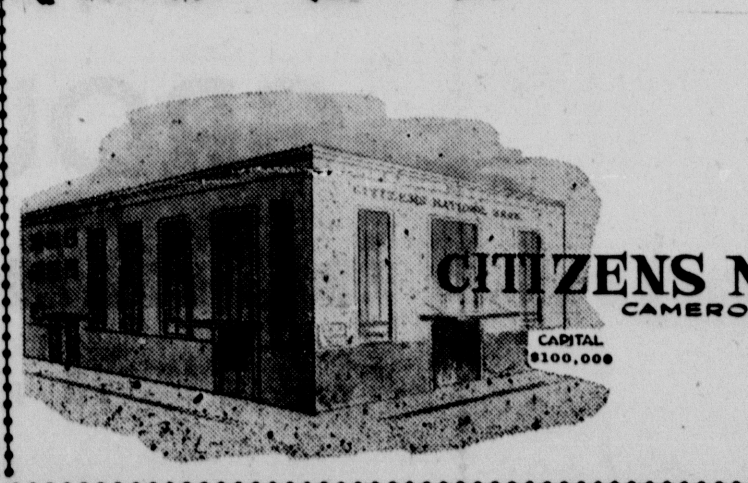

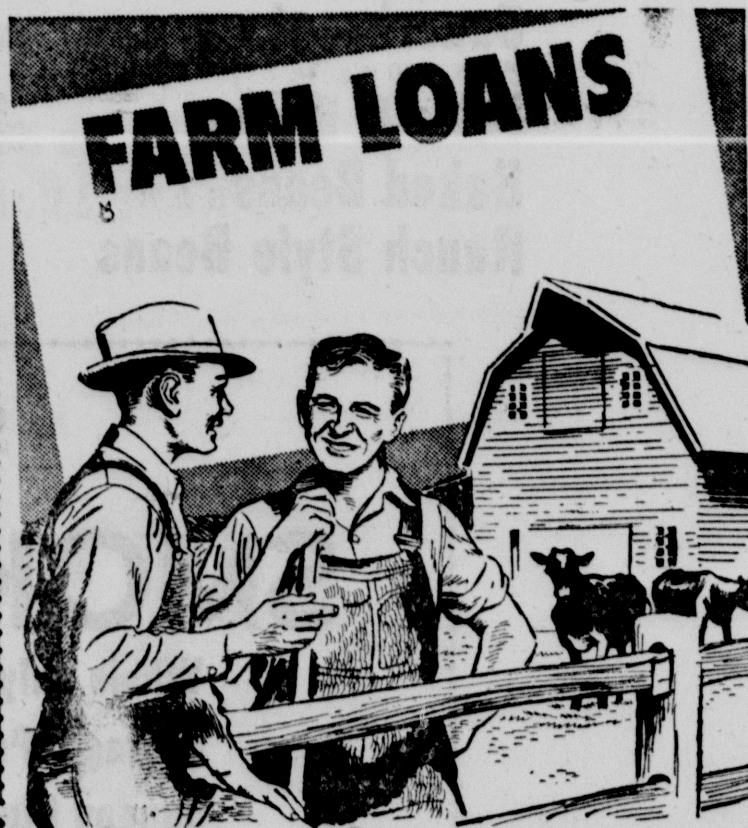

When plants die or fail to make satisfactory growth, Harlan Smith, extension plant pathologist, says that crown gall may be the trouble maker. This bacterial disease attacks many plants and can be recognized by the large, roundish, rough, woody swellings or galls it produces.

bombs. I don't even know how to test for a stuck valve on my tractor or guess what a teenager will do next, but I learned long ago the only satisfactory way to get along in life is to figure out what is right for you and go ahead, regardless of what anybody else thinks. I don't care how shining a speech a man makes at a luncheon club, if he doesn't pay his bills, most folks soon catch on he's a deadbeat. You can borrow money on promises, but you demonstrate your worth only when you pay it back in cash.

Any nation you can win by propaganda alone, well, you ain't won much when you get it. There's nothing under the sun or in the newspapers Russia can say that'll sweep me off my feet. I'm the one that decides when I'll get off my feet and I decide it frequently.

Yours faithfully,  
J. A.

### Capitol Report

## Politicos Tune Up Summer Campaign

By Vern Sanford  
Texas Press Association  
AUSTIN—Next summer's campaigners are tuning up to play from a familiar score.... the conservative vs. liberal melody Texas voters have been hearing for years.

But like the rock 'n roll version of a Stephen Foster song, it may sound different. Campaign pitches will have to keep time to the fast beat of 1958's new issues. Such as "curing the recession" and "catching up in education."

On the federal level, talk is of cutting taxes to give the people more money to spend. Here in Texas, it's raising taxes to give the state more money to spend.

In a situation like this, a voter can get confused. For each issue, there'll be several choruses.... more or less drowning each other out. Some will chant of scaring away recession with large-scale government spending. Others will say the only way is to give business a break.

For schools, some are calling for a nationwide program to require more work from students, provide better teachers at better pay, more lab equipment, scholarships for promising students, etc. But many Texans say "never" to any scheme that would eat away at local control over schools.

On how to get money to bail out the state treasury, there are already a number of tunes being struck up.... sales taxes, income taxes, corporation taxes, more economy in government.... but no prospect of close harmony.

Cowboy Hat In Ring

One morning, in between pouring his coffee and finishing his bacon, William A. Blakely decided to run for the U.S. Senate.

Blakely served as junior U.S. senator for four months last year as the appointee of former Gov. Allan Shivers. He was not a candidate in the special election when Ralph Yarborough was named to succeed him.

Son of Oklahoma homesteaders who had to "work out" for other farmers, Blakely parlayed a little grit into a lot of money.... in law, banking, real estate ranching, oil, gas, insurance and air line.

He'll not be troubled by most candidates' sorest problem.... raising campaign funds.

Incumbent Yarborough has made statements leaving the door open for either of two courses.... running for another Senate term or a fourth try at the governorship.

Purse-Watcher Needed  
Texas' governor should have some power to keep a hand on state purse strings after the Legislature leaves.

So says Vernon McGee, director of the Legislative Budget Board. McGee heads the board with responsibility for studying the fiscal needs of all state departments and making recommendations to the Legislature.

Under present system, McGee pointed out, after the Legislature makes its appropriations, only the individual department heads are responsible for how the money is spent. Many administrators are admirably "tight-fisted," McGee said, but others will spend money, that could be saved for later needs, just because they have it.

McGee's recommendation: give the governor authority to ask for periodic reports from departments and to cut from their budgets items no longer necessary.

Most other states have this system, said McGee.

Still Too Much Oil

Despite severe cuts in production, Texas is still producing more oil than anyone wants to buy. It could mean even deeper cuts and more idle drilling rigs next month.

Railroad Commissioner Ernest O. Thompson noted an increase of 1,208,000 barrels in stocks of crude oil. It shows, he said, that April's lowest-in-history 8-day production pattern was needed.

He suggested that new wells coming in may make an even lower pattern necessary for May.

Set To Go

Texas Highway Department is poised for a \$36,000,000 speed-up in road building if a new stepped-up federal aid bill becomes law. State Highway Engineer D. C. Greer said the bill, sent to the President by Congress, would enable Texas to avoid a summer lull in highway construction. Texas has already planned the projects in anticipation of the money, said Greer.

Mrs. John Burtis attended the SPJPST District meeting held at Granger Sunday.

## A Haven Of Safety...

Way back in the horse and buggy era, the old covered bridge was a haven of safety during a storm. Though things change, your church doesn't. It serves as your haven of safety for your lifetime and eternity....

## 'Cy' Jackson Is Happy Victim On TV Comedy Show

A former Cameron resident, A. O. "Cy" Jackson, appeared on the Truth or Consequences television show from Hollywood where he was the victim of a happy plot by his wife and friends.

Jackson, manager of the Associated Students Book Store at the University of New Mexico in Albuquerque had gone to Hollywood for preliminary meetings concerning the National Assn. of College Book Stores convention. As the group was touring Hollywood studios they passed through a session where Peggy Lee was cutting a record. With a hidden camera full on the group, Miss Lee did a double take and pretended to recognize Mr. Jackson as a long-lost boy friend using information supplied by his wife.

Then Mrs. Jackson, the former Edith Pattillo of Cameron, who had been flown to Hollywood by the TV show, entered the scene to her husband's surprise and embarrassment. Topping it all off, Linda Darnell rushed in, threw her arms around the embarrassed victim and kissed him.

For being a good sport, the show gave Mr. Jackson and his wife a 48-piece sterling silver set and other gifts.

The Jacksons moved to New Mexico last August from Texas. They have two daughters, Linda and Nancy.

## Stock up on COKE and these quick-fix foods and be ready to give a Party from your Pantry!

Your grocer is featuring these foods now!

When you want to turn out an extra-special dish and time is short—that's when your plentiful stocked pantry is a real blessing! So shop your grocer's for canned goods, frozen foods, mixes. And don't forget your favorite sparkling drink—Coca-Cola. If there's one thing that adds distinction to snacks, meals, desserts—it's Coke.

**PLANKED FISH FILLETS.** Thaw frozen fish fillets, spread with prepared bread stuffing, roll, fasten with toothpicks. Dot with butter, bake on plank until almost done. Border with instant mashed potatoes, return to oven until border browns. Arrange peas on plank. So festive served with the bright sparkle of Coca-Cola.

**FRUIT WITH CUSTARD SAUCE.** So quick—no cooking! And guests will really be impressed when you serve it! Heap chilled canned fruits into a bowl, pour on instant vanilla pudding for sauce. Dress it up with slivered toasted almonds. Remember—dessert time is a good time for the good taste of Coke. Enjoy the cold crisp taste of Coke!

## TELEPHONE TALK

## MOTHER'S DAY

Mothers are very special people and they deserve very special consideration.

Mother's Day is only a couple of weeks away; and if you are wondering what to give her on this special day that will be both useful and appreciated, why not make it an additional telephone in color for her bedroom or the kitchen where she spends a great deal of her time. You can save yourself a lot of time and worry by calling the Business Office, telephone number 244. We will be glad to tell you about our "Gift Service" plan.

## SPRING HOUSE CLEANING

Is spring house cleaning under way at your home? And are you planning to do a little redecorating, too? I have a suggestion that will help add a little color to your home whether you're cleaning or redecorating. It is this: Put some color telephones in your home.

We now have nine attractive colors plus black. The colors are: white, cherry red, pastel yellow, ivory, moss green, rose pink, aqua blue, light beige, light grey.

From this variety you can choose one or several to blend or contrast with any colors in your home.

Color extension telephones are practical, too. You'll be surprised at the steps they save: No more running from one end of the house to the other to answer. And, an extension telephone will give you more privacy on calls.

Color extension telephones are economical, too. Here in Cameron they cost only \$10.00 (one-time charge) plus a small installation charge. The monthly extension charge is only \$1.00 a month.

## GOING SOMEWHERE?

Some people I know have started planning their vacations because they know planning ahead can make a vacation more fun.

They've found, too, that calling ahead makes a vacation even more fun. No worry about whether you'll find accommodations. No guessing as to whether the people you want to visit are home. Calling ahead on your vacation trip or on any trip makes it more fun, gives you more peace of mind.

And, don't forget that the people at home like to hear from you, too. A telephone call is a personal, easy way to keep in touch.

Next time, call. Take the worries out of travel.

Call by number. It's twice as fast.

## Miller To Lead Community Club, Activities Set Each Friday Night

By Mrs. A. T. Swanzy

The Ben Arnold Community Club met on Friday night for the purpose of planning the summer recreation program and electing new officers. The program consists of two more do-si-do's in May and beginning May 30 every Friday night will be community night, except when it interferes with church work. Community night will consist of soft ball, volleyball and swings and merry-go-round for small children.

New officers elected were Louis Miller, president; Sonny Dorner, vice-president; Edmund Pimpler, secretary-treasurer; Mrs. Bill Stall, assistant secretary-treasurer; LeRoy Folschinsky, manager of soft ball field with Le Moraw as assistant.

The club also voted to have cold drinks for sale each Friday night with a two person committee each week to be responsible for selling cold drinks.

The Community Club sponsored a do-si-do last Saturday night, which was attended by a very

large number of people from Cameron, Maysfield, Burlington, Spilawn, Ben Arnold and other communities. Hostesses were Mrs. Nita Pimpler, Mrs. Mollie Jekel, and Mrs. Leo Moraw.

Mr. and Mrs. Will Knuppel visited their son-in-law, Ed Manning in a Cameron Hospital last week.

Mr. Ed Schuetze is a patient in King Daughters Hospital in Temple with a broken hip.

Monica Miller has been ill at her home.

Mr. and Mrs. Sonny Swanzy honored their daughter Joy, with a dinner on her 4th birthday last Sunday. Present were Mr. and Mrs. Bill Sweet and Billy of Nordheim, Mr. and Mrs. Leland Burnett and Carolyn and William Sweet of Jones Prairie, Don and Sharon, brother and sister of Joy, the honoree and her parents.

Nancy Dorner attended a birthday party given for Donna Beards of Rosebud Saturday night.

The United Church of Christ of Ben Arnold was the scene of the wedding of Loretta Becker, daughter of Mr. and Mrs. Bill Becker of Ben Arnold and Richard Wardlaw, son of Mr. and Mrs. Tom Wardlaw of Cameron last Saturday afternoon. The wedding was attended by a large number of relatives and friends.

The Young People of the United Church of Christ enjoyed a hayride from the church to Raymond Barkemeyer's pasture where they had a weiner roast. They were accompanied by Mrs. Gerald Cobb, Mr. and Mrs. Edmund Pimpler, and Mr. and Mrs. Raymond Barkemeyer.

Last Saturday afternoon this correspondent enjoyed a get-together with Mr. and Mrs. Luecke and correspondents from other communities to learn new ways and means to improve your Cameron Herald. We also got a look at the new press which has been installed in the Herald office.

Mrs. Jane Prater and children of Heidenheimer spent several nights last week with her parents, Mr. and Mrs. L. A. Swanzy, while Mr. Prater remains in McCloskey Hospital in Temple.

Mr. and Mrs. Bill Faulkner were in Hallettsville Sunday where they spent the day with Mr. and Mrs. Loy Wright of Houston at the Wright's ranch.

## O'Neill Named Draft Registrar By Local Board

The local draft board has added a new Registrar for the convenience of registrants in the Milam County area. Leo J. O'Neill, Deputy County Clerk, was appointed registrar by August G. Kunz, Chairman of the board, last week.

O'Neill has been a Milam County resident for sixty years and has been in the County Clerk's office for a good many years.

In a letter to O'Neill, advising him of the appointment, Kunz stated, "We are very glad to welcome you as a member of our Selective Service family and we are looking forward to a pleasant association with you."

The new Registrar advises that in the Court House in Cameron, he will be available for registration at the County Clerk's office, from 8:00 a.m. to 5:00 p.m. daily association with you."

## Food Sense—Not Nonsense

## Enough Of A Good Thing Is Enough

Protein has become a household word. Protein, like June, is busting out all over, wherever the topic is food for health and energy.

What is protein? "It is the stuff our bodies are made of." It is found in every living cell, in hair, bones and muscles. Tissues continually are being rebuilt, and in children, new tissues formed. The emphasis is on protein because only food protein builds tissues. Fortunately, it is distributed widely.

Important animal protein foods are meat, fish, eggs and milk. Vegetable protein foods include those products made from grains. A top quality one is enriched bread. Beans and peanut butter are other good protein foods.

Science has shown that a combination of two or more proteins gives greater benefit than if the same foods are eaten separately. Furthermore, a small amount of animal protein in each meal improves the body's use of all protein eaten. A good example is a sandwich made of enriched bread with a meat filling; the bread and

meat proteins supplement each other.

Protein serves not only as a builder of tissues but it also provides a generous amount of energy. Equal weights of protein and carbohydrate produce exactly the same number of calories—four calories per gram. If an excess of energy is provided by eating either more protein or carbohydrate than is needed, this excess is stored by the body as fat.

Enough protein to satisfy tissue needs and furnish a moderate safety factor is enough—excesses become expensive fuel and fat. Popularity and importance of protein have resulted in a high consumption of these foods. Currently, the average adult diet exceeds the generous protein allowance recommended by the National Research Council. A simple guide for grownups is found in the Basic Seven Food Chart. Daily, eat a good serving of meat, poultry, or fish; one of the following—eggs, cheese, or legumes; six slices of enriched bread and one pint of milk.

## Garden Club Has Study On Period Flower Designs

Color, rather than Design, gave greatest emphasis in Period Flower Arrangements, it was learned, when Mrs. R. G. Grabein and Mrs. Alvin Dusek presented a discussion on this topic for the Civic Garden Club last Thursday.

They stated that many bright, vivid colors were used in the arrangements and there was no limit to the amount of plant material which might be "packed" into one creation. In some of the periods, accessories and tapestries were highly significant to the arrangement. It was also noted that the "likes and physique" of the reigning monarch greatly influenced the type of flower arrangement.

Periods especially considered by the speakers were the Dutch and Flemish, French, Georgian, Victorian and Colonial Williamsburg.

A short business meeting was conducted by Mrs. Grabein, club president when final details for the second Iris Show sponsored by the club, were presented.

Mrs. Frank Schiller won the door prize.

Following the meeting, the group went on a pilgrimage to the beautiful Aalea Garden at the home of Mr. and Mrs. H. P. PCulpepper and to the green house of Mrs. Alvin Dusek where hybridized Amaryllis were blooming.

MRS. JIMMY SHIPWASH

## Mary Eichinger, Jim Shipwash Wed

Miss Mary Catherine Eichinger and Jimmy Shipwash exchanged wedding vows Saturday at Tarrytown Baptist Church in Austin with the Rev. Andy Odom officiating.

The bride is the daughter of Mr. and Mrs. Frank Eichinger, Route 4, Cameron, and Mr. Shipwash is the son of Mr. and Mrs. D. A. Shipwash, Austin.

Given in marriage by her father, lace and tulle over satin featuring lace and thile iver satin featuring a fitted bodice and illusion yoke.

Her fingertip length veil of illusion was caught by a crown of seed pearls and iridescent sequins. She carried a white orchid on her white Bible.

Mrs. Bennett Carter of Austin, sister of the bride, was matron of honor and Mrs. Ray Miller of Georgetown was the only bridesmaid. They wore gowns of yellow crystaletta over taffeta with a taffeta cummerbund sash and carried bouquets of white carnations.

Gene Clark of Austin served as best man and Bert Duckett, Austin, was the groomsman. Ushers were Bennett Carter and Eli Greer, both of Austin.

Following a reception at the church, the couple left for a two week wedding trip in ew Mexico.

The bride is a graduate of Yoe High School and is employed in the accounting department of Southwestern Bell Telephone Company in Austin. Mr. Shipwash is a graduate of Austin High School and Nixon-Clay Commercial College. He is an assistant in the District Clerks office in Travis County.

The couple will make their home at 2517 Enfield Road, Austin.

MRS. JOHN TALLEY DENSON

## Martha Ann Seals Marries John Talley Denson April 4

Miss Martha Ann Seals and John Talley Denson were married Friday evening, April 4 in the Chapel of the First Baptist Church, Irving.

The Rev. Anderson of the First Baptist Church in Itasca officiated.

The bride is the daughter of Mr. and Mrs. Chester Seals of Irving.

Mr. Denson is the son of Mrs. Thomas L. Denson and the late Dr. Thomas L. Denson of Cameron.

Given in marriage by her father, the bride wore a gown of white hand cut chantilly lace and tulle over slipper satin, fashioned with a jewel trimmed neckline, fitted bodice, long pointed sleeves and a full skirt extending into a cathedral train.

Her fingertip veil of French illusion was held by a seed pearl tiara. She carried a cascade of stephanotis and orchids caught with satin streamers.

Wedding music was presented by Marion Snider of Dallas and Miss Mary Barren of Ft. Worth.

Miss Darline Miller of Houston was maid of honor. Bridesmaids were Miss Louise MacLain of San Antonio and Miss Dierdre Denson, sister of the groom, from Houston.

Attendants were identical blue tulle gowns with matching halo hat of tulle. They carried white fans covered with blue carnations.

Lee Barbee Shipp of Cameron served as best man and groomsmen were Bill Strzynek of Tyler and Jim Flynn of Seguin. Jon Coffey of Austin acted as usher. Andy Alley, cousin of the bride, was ring bearer.

A reception followed at the church with Misses Barbara Barnes, Irving, Gayle Brown, Irving, Myrna Wylie, Austin, and Sandra Jackson, Austin, forming the houseparty.

After a short trip Mr. and Mrs. Denson will be at home in Austin where both are students at the University of Texas. Mr. Denson is a graduate of Yoe High School and attended Southern Methodist University. The bride is a member of Delta Zeta sorority.

Mrs. Earnest E. Dodd

## Maxine Eddleman Earnest E. Dodd Exchange Vows

Miss Maxine Eddleman became the bride of Earnest E. Dodd on Easter Sunday in a ceremony performed by Rev. J. A. Haley in Edgefield Baptist Church, Waco.

The bride is the daughter of Mr. and Mrs. Claude D. Eddleman, Waco, and Mr. Dodd is the son of Mrs. R. W. Speer of Cameron and W. W. Dodd of Raymondville.

The bride wore a floor-length gown of chantilly lace with sabrina neckline. The full skirt had wide lace panels extending to the chapel length train. Her French illusion veil was caught to a hat of pleated tulle and lace, trimmed with sequins and pearls. Her jewelry was a string of matched pearls and earrings, a gift from the bridegroom. She wore her mother's engagement ring, and carried pink carnations and a white orchid on a white Bible.

Mrs. Claudia Brown was matron of honor and Mmes. Terry Hutchinson and Charles Richards were bridesmaids. Miss D'Ann Brown and Bettie Dodd were junior bridesmaids. Each wore a waist-length dress of crystalline over taffeta, in rose, aqua, petal pink, yellow and green. Their hats were a special design, created by Roy L. Goode. They carried pink carnations.

Morris Dodd of Raymondville served as best man. Clifford Angell and Clyde Wallace of Cameron were groomsmen and T. J. Donaldson of Waco was usher.

Children attendants included Brenda Dodd, who was flower girl, Morris Dodd, ring bearer, Lanette Brown and Mike Reimel junior bride couple. Wedding music was by Mrs. Bob Johnson, organist, and Bob Segrest, soloist.

A reception was given in the church parlor by the bride's parents, Mmes. V. L. Angell and G. T. Reimel served punch and cake, assisted by Mmes. Jimmy Angell and Morris Dodd. Miss Rosemary Jones presided at the guest book.

A cut work cloth over pink covered the serving table and was centered with pink tapers surrounded by pink carnations. The all-white cake was topped with a miniature bride and bridegroom.

Mrs. Dodd attended Waco High School and Baylor University. Mr. Dodd served in the U. S. Air Force and is now farming in Cameron.

Following a trip to South Texas the newlyweds will live in Cameron.
